

# Calling all Hybrid Owners: Please participate in the GREEN-PRIX!

## What is the "GREEN-PRIX"?

It is a fun and easy competition for owners of Hybrid cars and trucks. We will all reset our MPG calculators, and then drive a predetermined route to see who can get the best gas mileage. There will be a prize for the person who gets the best gas mileage!

The GREEN-PRIX route is quite hilly and it will challenge all of your high-MPG driving skills. Please note that this is NOT a race!

You will also have an opportunity to meet other hybrid enthusiasts when we all end up at Highlands GreenFest in our convoy of hybrids!

## Who is running the GREEN-PRIX?

We are the NJ Chapter of the [PriusChat.com](http://PriusChat.com) online community (with News, Forums, & Research). We are hybrid car enthusiasts who like to compete and see who can get the best gas mileage!

**Date: Saturday, May 3, 2008** (Rain Date: Sunday, May 4)

**Time: 10:00 AM to Register** (The rally starts at 10:30 sharp)

**Start: 3 Marshall Hill Rd, West Milford, NJ** (In front of Eckerd's)

**Finish:** Our finish line will be at the Highlands GreenFest!

## What is the "Highlands GreenFest"?

The festival will include presentations and exhibits by experts in green building, organic foods, clean energy, alternative fuel vehicles, and sustainable living. Local environmental groups and outdoor clubs will provide information on protecting the environment and hands-on demonstrations on how to enjoy it. Environmental games, pony rides and face painting are some of the activities planned for children. There will be music at the gazebo throughout the day from a variety of local musical artists and a wide range of food options, including organic, vegetarian and local fare.

Please go to [www.sustainablewestmilford.org](http://www.sustainablewestmilford.org) for more information about Highlands GreenFest.
