TIS techstream Unit P/N: TSPKGAM

\$7,995

TIS techstream is an integrated PC-based diagnostic platform. TIS techstream combines service information and scantool diagnostics, and includes:

- Panasonic® Toughbook – A rugged notebook PC for extreme environments, complete with user interface/diagnostic application. Converts from a notebook to a tablet PC.
- DENSO® VIM – The Vehicle Interface Module enables PC-to-vehicle communication.
- Snap-on® Custom Power Circuit – Powers the VIM and recharges the Toughbook when connected to the vehicle. Allows continuous operation through multiple shifts.
- Snap-on® Backpack – Attaches to the Toughbook for portability. Houses the VIM and Custom Power Circuit, and retains the DLC cable.
- Snap-on® Docking Station – A secure lock-down and charging station for the Techstream when not in use.
- 2-year subscription to TIS, which includes Techstream software updates and ECU Reprogramming Calibrations.

Accessory Kit

- Accessory kit carrying case
- DLC 1 & 2 cables for older models
- Trigger switch
- Cigarette lighter adapter
- Extra stylus and screen protector
- External DVD drive
- Re-image disk

Warranty Information

A 1-year warranty will be offered on materials and workmanship. Cables and accessory kit items are covered for 90 days. Please contact Approved Dealer Equipment for details.

Service and Support

Technical support is available Monday-Friday 5:30 a.m. - 5 p.m. PST at 1-877-762-7666.

Optional Wall Mount Kit P/N: EEMS321A02

\$150

The TIS techstream docking station can be used with an optional wall mount. Instructions, mounting bracket, and mounting hardware are provided. Installation not included.
